

BEAM Alliance

Intelligent Smart Screen

The attractive BEAM Alliance monitoring system with the unique 360° LED light ring provides continuous communication to the hose handle, displaying key system performance and operational elements.

BEAM Alliance Interface

The Alliance monitoring system communicates with the LED interface of the hose handle to keep you informed about the level of performance of the system while vacuuming. The advanced fingertip controls adjust suction and turn the entire system on/off with the push of a button.

3-in-1 Cleaning Tool

The right tool is always at hand with the 3-in-1 cleaning tool clipped securely on the telescopic wand. The 3-in-1 cleaning tool easily converts from a dusting brush, to crevice and fabric tool.

Quick Clean Valve

Opens easily with the touch of a finger. The powered Quick Clean Valve lets you turn on the system from the hose handle and is great for quick clean-ups around the power unit without having to install additional inlet valves.

Press & Release Bucket

Simply press down on any two points around the ring and pull down to empty bucket. The bucket easily lifts into place with one hand.

Self Cleaning Filter

The exclusive BEAM Self Cleaning Filter with GORE™ technology filters 98% of particles at 0.3 microns, without the need of ever having to buy separate filter bags. The BEAM Self Cleaning Filter protects the HE motor for prolonged product life, keeping superior suction performance over time.

700TB

The ultimate power unit for the consumer desiring only the best, suited for large homes combining leading performance with intelligent features.

BEAM Alliance

A High Efficiency motor is at the heart of every BEAM Alliance system. HE motors offer higher performance using 30% less energy than the traditional central vacuum system motor.

700TB

Model:	700TB
Voltage	120 V
Airwatts	700
Airflow (CFM)	107
Waterlift (in)	146
Motor	HE Flow-Thru
Size (w x h)	15 in X 43 in
Features:	
Sound Suppression	68 dB
Press & Release Bucket	4 gal
Quick Clean Valve	Powered
Filtration	Self Cleaning Gore™ Filter
Muffler	Yes
Smart Screen:	
System On Indicator	yes
LED Backlit & Ring	yes
Motion Sensor	yes
Empty Bucket Icon	yes
Performance Bars	-
Hose Link Icon	yes
Navigation Buttons	-
Motor Fault Icon	yes
Clock	-
Error Code	-
