

T 10/1

This machine is an extremely robust, functional and powerful dry vacuum cleaner for professional users. It has optimum ergonomic features and a compact design, which is specifically developed for the special needs of hotels, the gastronomy sector, building service contractors and retail.

1 More capacity

- The device comes with a fleece filter bag. This takes in significantly more dust than conventional paper filter bags.

2 With and without filter bag

- The large, round permanent main filter made from washable nylon is extremely resilient and thick enough to allow vacuuming even without filter bag over a certain period of time.

T 10/1

- Parking position for floor nozzle
- Cable hook
- Accessory storage
